Students registered on a full-time basis were expected to devote approximately 35 hours per week to their studies and to attend the course for periods of at least 24 weeks in the year. Students registered on a part-time basis were permitted to be in attendance for a maximum of 15 hours per week.

No official transcripts are issued for research degrees by UCL and no records are kept of hours of attendance. The relevant teachers are required, however, before a student enters for any examination which is a component part of a degree examination, to certify that he or she has attended to their satisfaction the course or courses prescribed in the Regulations for that degree.
